🧠 SKILLS

Frameworks
- React.js
- Next.js

Languages
- Javascript
- Typescript
- HTML5

Tools
- Vs code
- Figma
- Heroui

Version controls
- Git
- Github desktop

Stylings
- Tailwind CSS
- CSS

🧩 SOFT SKILL

- Communication
- Collaboration
- Life-long learing
- Time management

👤 PROFILE

Front-End Developer with experience in building web applications using TypeScript, Next.js, and Tailwind CSS. Focused on creating user-centric interfaces with clean, maintainable code and a passion for innovative development.

🎓 EDUCATION

Bachelor of Engineering Program in Computer Engineering

Prince of Songkla University

2021 - 2025

💼 PROFESSIONAL EXPERIENCE

Frontend Developer Intern

2024 - 2025

Worked as a Frontend Developer Intern, designing UI with Adobe XD and developing a responsive web application using Next.js, TypeScript, and Tailwind CSS. Integrated real-time data via APIs and collaborated with the team to enhance user experience and support the organization's digital transformation.

📂 PROJECTS

Web Applications

2021

- Using React.js, JavaScript, HTML, and CSS, I began building web applications with a focus on reusable components, responsive user interfaces, state management using React hooks, and collaborative development with Git.

Zero to One

2021

- Participated in the Zero to One Thailand South 2021 project, a regional tech initiative aimed at nurturing innovation and entrepreneurship. Contributed as a developer in a team environment, gaining hands-on experience in building digital solutions from ideation to implementation.

Game Jam

2023

- Participated in Game Jam 2023, collaborating in a fast-paced environment to design and develop playable games within strict time limits, enhancing creativity, teamwork, and rapid problem-solving skills.

Mobile Applications

2024

- Gained hands-on experience in developing mobile applications using Flutter, Dart, Python, and FastAPI as part of a team project in a coursework. Collaborated with teammates to design and implement the app's features while using GitHub for version control and efficient teamwork.
